

Jin Shin Jyutsu® Intensive Summer Special

Intensives offer several sessions close together to continually harmonize and allow us to change our patterns and habits that created the accumulations and attitudes to begin with.

While the Art of Jin Shin Jyutsu is gentle, it is also cumulative. Therefore, the difference between 10 Sessions over 2 Weeks and 10 Sessions over 10 weeks can be profound, especially when very ill or in need.

Getting away from your normal routine, responsibilities and environment can add to the depth of the experience. For those committed to healing a deep or critical illness, making new life choices, or simply a yearly intense cleaning, intensives can be beneficial.

Regular sessions \$65 each.

Intensive Package \$500 for 10 sessions within 14 days – save \$150.
